• • BEFORE INSURING YOUR LIFE • •

INVESTIGATE

THE LIFE RATE ENDOWMENT PLAN

OF THE

Union Central Life Ins. Co.

By this Plan not only are the dependent ones provided for in case of death, but provision for the later years of the insured himself is made if he lives.

The people are demanding this kind of insurance, so that all the leading companies are endeavoring to give them policies that contain at least some of the principles of our plan. But there is no plan yet so simple as the Life-Rate Endowment, such as the UNION CENTRAL has been issuing for so many years past.

We simply charge the ordinary life rate, the same as charged by this or any other company; the policy-holder pays the same amount each year, the dividends with all the accumulations remaining with the Company to the credit of each policy. In other words, we keep an individual account, in a business way, with each policy, taking the premiums paid, and all its share of interest and all profits of every description, and from this deducting each policy's share of the death losses and expenses, and when the policy has become self-sustaining, or when the policy has become matured, we pay it in full. We never make any partial settlements; our policies, whether paid at death or maturity, are paid in full for the whole amount insured. It is not every one who can afford to pay the high rate charged by the different companies, but any one can afford to pay the ordinary life rate for a policy, either with limited payments or otherwise, so our Life-Rate Endowment Policies are within the reach of all, and there is no other company in the field that issues a policy of the same kind that will be paid in full as an Endowment in the same time, and at the same price, nor one in which the profits are so large.

J. G. THROWER'S INVALID LIFT AND SUPPORT

ATLANTA, GA.

Assisting Patient to Walk.

Compliment from The New York World.

A BOON TO INVALIDS.

"At the Piedmont Exposition Mr. James G. Thrower, of Atlanta, had on exhibition what is probably the most remarkable piece of mechanism ever conceived for the painless and easy handling of nvalids. It is an invalid lift, by which a person afflicted with paralysis or other disability can be moved in any position, from upright to horizontal, with no pain to the sick and little effort on the part of the manipulator. In fact, it can be operated by a child. It lifts the invalid from the bed, holding him in an easy position at any angle, and moves him from the bed to a chair or about the room. It takes the patient from a chair and straightens the limbs ready for bed, bath or any position desired. It is very simple in construction, but performs its work with almost human intelligence. Mr. Thrower intends to put it into the hands of some leading concern making a specialty of appliances for invalids. In my estimation this comes in the line of important sick-room adjuncts and should receive the immediate attention of a metropolitan agency for such things.

FROM THE ATLANTA CONSTITUTION.

Mr. J. G. Thrower's Health Lift.

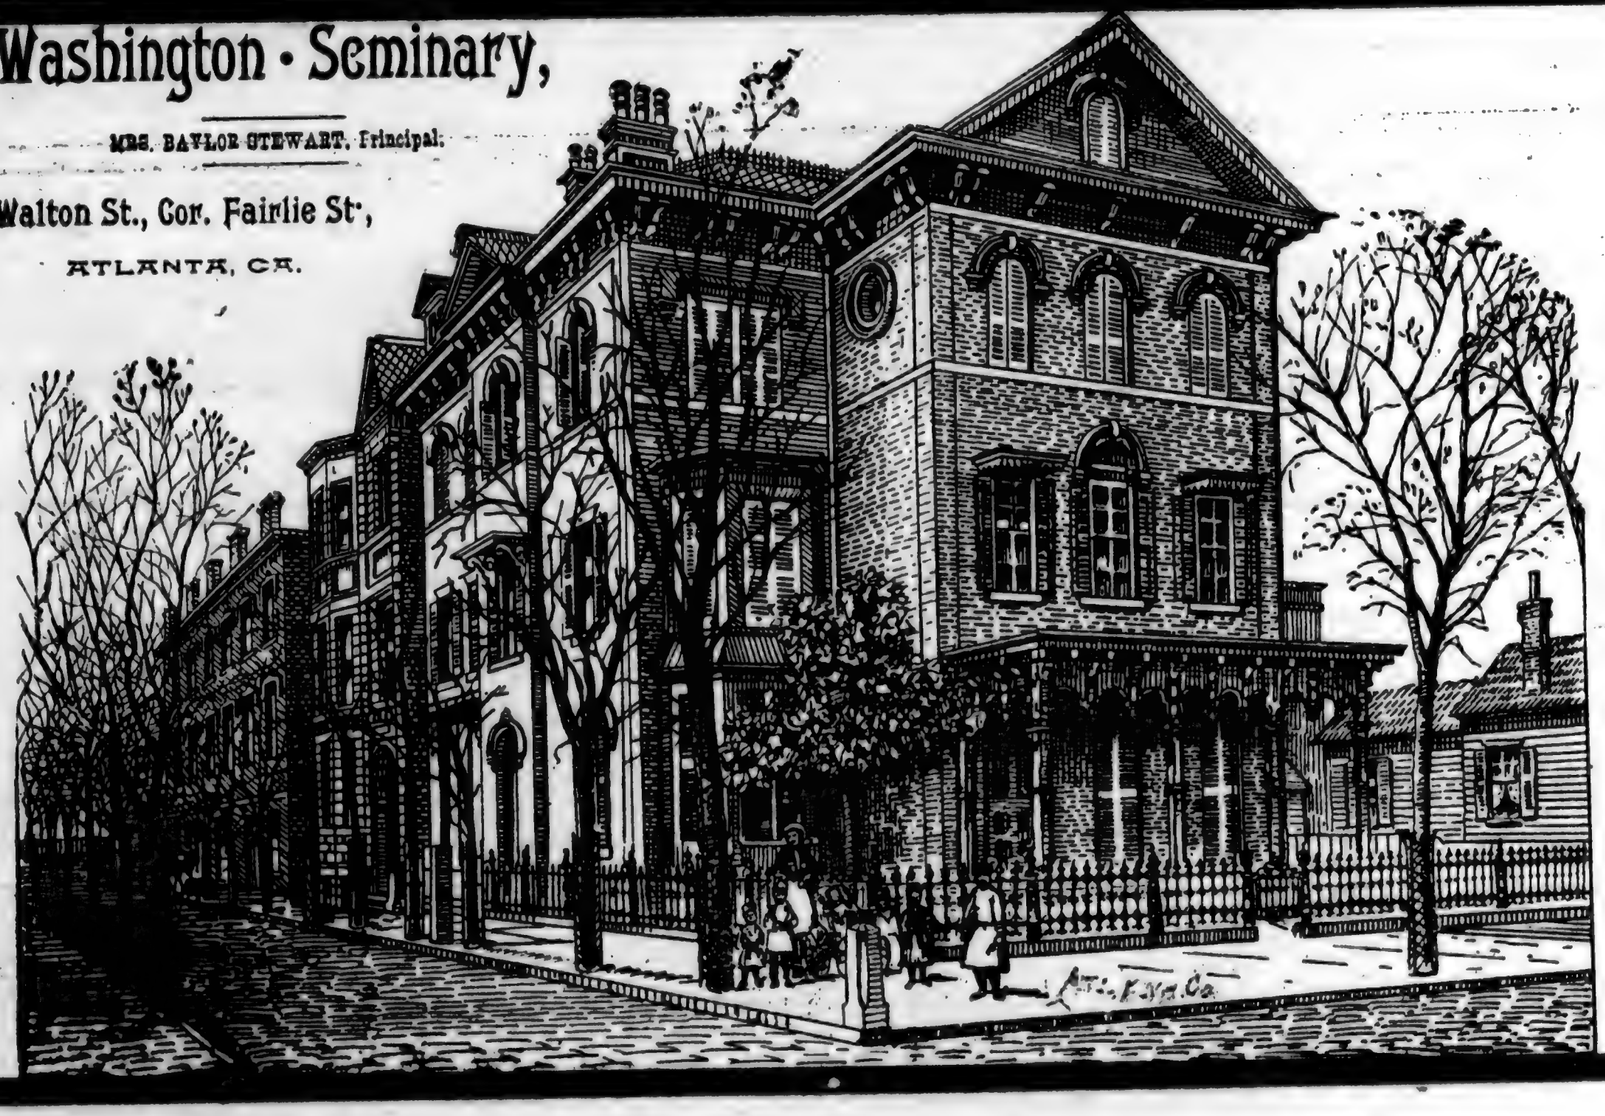
He Has Been Granted a Patent on His Valuable Invention—A Word of Praise.

THE CONSTITUTION has long since discovered the merits of Mr. Thrower's invention, and now congratulates him on the fact that advices from the patent office, at Washington, inform him that his claim for a patent has been allowed.

Mr. Thrower's arrangements are being perfected for the manufacture of his machine on a large scale.

He has had his invention in use for about two years in his own home. It has proven such a boon that he decided to put it on exhibition, for the benefit of those who are incapable of physical exertion as well as those who have the care of them. It is a wonderful device for lightening labor and easing the pain of invalids and nurses. The machine lifts the invalid in any conceivable posi ion with the greatest ease and comfort, and in this lies its peculiarity and superiority over all other simular contrivances. Mr. Thrower has a dumb figure on exhibition with the apparatus, showing how the different muscles and movements of the body are provided for in the construction and operation of this invention.

From chair to bed, or to any position required.



For further particulars write the inventor or call and see the machine in operation at **9½ Alabama St., Atlanta, Ga.**

Clark University.

A LIBERAL SCHOOL FOR BOTH SEXES AND ALL RACES.

CLARK UNIVERSITY, established in 1874, has, from a small beginning, risen to the position of one of the most successful, most thorough and best equipped schools in the South. The magnificent campus, comprising almost 500 acres, lies just outside of the limits of the City of Atlanta, at the head of Capitol Avenue. The buildings are new and commodious.

INSTRUCTION

is given in the various departments of learning, from the common branches to a thorough College course. Upon an adjoining campus, stands Gammon Theological Seminary, offering advantages to those students who desire to fit themselves for the ministry, The standard of scholarship in Clark University is as high as at any school in the South.

A SCHOOL OF DOMESTIC ECONOMY

for young ladies is maintained, in conjunction with the other work of the University, by the Woman's Home Missionary Society.

A THOROUGH NORMAL DEPARTMENT

offers unsurpassed advantages to those who wish to teach.

MUSIC

is made a prominent feature in the work of the school.

THE INDUSTRIAL DEPARTMENT

maintains a Blacksmith Shop, Wheelright Shop, Carpenter Shop, Paint Shop, Harness Shop, Foundry and Printing Office, and other departments are to be added at once.

WORK FOR THE INDUSTRIAL DEPARTMENT IS SOLICITED.

The shops are in charge of skillful mechanics, and we guarantee to turn out as good work and as fine finish as can be done in the South. Some of the best wagons, carriages and harness, in Atlanta were made here. Printing unsurpassed for neatness. Foundry, blacksmith and carpentry work promptly attended to. RATES THE VERY LOWEST.

The Field

And the Work.

Dr. J. M. Buckley says, in the Christian Advocate: "Here I saw a system of instruction going on which can not but make the candidates for the ministry intelligent, practical, and dignified men. It is difficult to express, without the appearance of extravagance, the satisfaction I felt with the methods and work here seen."

Dr. Atticus G. Haygood: "It is to be questioned whether any single institution under the care of the Methodist Episcopal Church holds a place of importance and responsibility equal to that which is possible to the Gammon theological Seminary. . . It may well be questioned whether any single institution in the Southern States could not be better spared"

WILBUR P. THIRKIELD, D. D.

ATLANTA UNIVERSITY

ATLANTA, - GEORGIA.

TO STUDENTS.

Atlanta University offers an education in all Studies from the Primary school up through Grammar, Normal and Collegiate courses, together with industrial training in Carpentry, Blacksmithing, Farming, Printing, Cooking, Sewing and Dressmaking, at a total cost of from $80 to $90 a year for each Student, including furnished room and board for eight months.

TO CAPITALISTS.

The education which Atlanta University gives to the needy people of the South renders your investments in this region more secure, increases the demand for the merchandise which you desire to sell, and renders more intelligent and efficient the labor that you employ. An endowment of at least $250,000 is needed to put the institution on a secure and permanent basis. Address

AWARD OF 1889.

TO

The "Hill Patent" Blind.

J. C. KIMBALL, PROPRIETOR.

These Blinds have been in use for five years in all the principal cities and towns in Georgia, and for a longer period in the leading cities North and West, and everywhere give the highest satisfaction. They have been adopted, after careful trial, for the finest residences and public buildings, including the Public Schools of Atlanta and other cities, the Hebrew Orphan Asylum of Atlanta, and the finest court houses and hotels in the South.

REFERENCES.

We respecfully refer you to a few of the persons who have them in use: Hon. E. P. Howell, Chief Editor *Constitution*; Dr. F. H. Orme, L. B. Folsom, Judge W. R. Hammond, H. S. Johnson, of Chamberlin & Johnson; W. E. Venable, Hon. David Mayer, John Bishop, J. H. Mathews, G. W. D. Cook, Woodward Lumber Co., H. Crankshaw & Co., Broomhead & Street, Hon. John R. Gramling, of Atlanta, besides scores of others in all parts of Georgia. Also to the following well-known

ARCHITECTS:

Bruce & Morgan, W. H. Parkins, E. G. Lind, G. L. Norrman and A. McC. Nixon, of Atlanta; P. E. Dennis, Macon; W. A. Crossland, Montgomery or Anniston, Ala.; A. S. Eichberg, Savannah.

The following is a sample of many voluntary letters we have received attesting to the merits of these Blinds:

ATLANTA, GA., November 20, 1889.

J. C. KIMBALL, ESQ.:

Dear Sir:—I think it is due to you that I should tell you that after five months' experi nce with your "Hill Patent" Blinds, I am even better pleased with them than at first. I have 39 sets of them in my house, and they all work to perfection. I do not see how they can be improved. They make such a beautiful finish to the windows that we need no curtains or draperies, thereby saving about the cost of the Blinds. You are at liberty to refer any one to me, as I can assure them that, in my judgment, they are the best and most satisfactory Blinds in use.

The Northwestern Mutual

IS WHAT YOU WANT IN LIFE INSURANCE.

1. IT IS AN OLD COMPANY.
2. IT IS A SOLID COMPANY—One that has a Large Surplus to make good its Contracts.
3. IT IS A PURELY MUTUAL COMPANY—No Stockholders to fatten.
4. IT IS A COMPANY WHERE THE PROFITS ALL GO TO THE POLICY-HOLDER.
5. A COMPANY WHICH HAS A LIBERAL CONTRACT.
6. A COMPANY YOU OR YOUR FRIENDS HAVE KNOWN FOR YEARS.
7. A COMPANY THAT DOES NOT DISCRIMINATE AGAINST ITS SOUTHERN MEMBERS.
8. THE "NORTHWESTERN MUTUAL" IS WHAT YOU WANT. It is Old, Solid, and issues the Most Profitable Life Contract in the World.
9. IT PAYS LARGER DIVIDENDS THAN ANY OTHER LIFE COMPANY, and challenges all other Life Companies to a Comparison of Results on Similar Policies.

The ambition of the NORTHWESTERN has been less to be large than to be safe; its aim is to rank first in benefits to policy holders rather than first in size. Valuing quality above quantity it has preferred to secure its business under certain salutary restrictions and limitations rather than to write a much larger business at the possible sacrifice of those valuable points which have made the NORTHWESTERN pre-eminently the policy-holders Company.

• • BEFORE INSURING YOUR LIFE • •

INVESTIGATE

THE LIFE RATE ENDOWMENT PLAN.

—OF THE—

Union Central Life Ins. Co.

By this Plan not only are the dependent ones provided for in case of death, but provision for the later years of the insured himself is made if he lives.

The people are demanding this kind of insurance, so that all the leading companies are endeavoring to give them policies that contain at least some of the principles of our plan. But there is no plan yet so simple as the Life-Rate Endowment, such as the UNION CENTRAL has been issuing for so many years past.

We simply charge the ordinary life rate, the same as charged by this or any other company; the policy-holder pays the same amount each year, the dividends with all the accumulations remaining with the Company to the credit of each policy. In other words, we keep an individual account, in a business way, with each policy, taking the premiums paid, and all its share of interest and all profits of every description, and from this deducting each policy's share of the death losses and expenses, and when the policy has become self-sustaining, or when the policy has become matured, we pay it in full. We never make any partial settlements; our policies, whether paid at death or maturity, are paid in full for the whole amount insured. It is not everyone who can afford to pay the high rate charged by the different companies, but anyone can afford to pay the ordinary life-rate for a policy, either with limited payments or otherwise, so our Life-Rate Endowment Policies are within the reach of all, and there is no other company in the field that issues a policy of the same kind that will be paid in full as an Endowment in the same time, and at the same price, nor one in which the profits are so large.

WILLIAM W. GOODRICH, Architect.

If you anticipate building or remodeling, it is well to remember that as much material and labor is required to build a distorted, unpleasing building, as for one attractive. Hence the first move by any one contemplating building, is to employ an experienced Architect, as he will relieve his employer of all trouble and annoyance, saving the client several times the amount of the Architect's fees and preventing any errors during building operations, rendering the entire design well studied, pleasing and architecturally constructed. I will furnish plans and drawings, in elevation and detail, with specifications, estimates and bills of material of every description, for Churches, Banking Houses, Schools, Villas, Cottages, Carriage Houses, Barns, Railroad Stations, Stores, Theatres, Opera Houses, Hotels, Monuments, etc. Special attention given to Ecclesiastical Architecture in all its details.

GEO. R. WENDLING'S OPINION OF "TOPAZ."

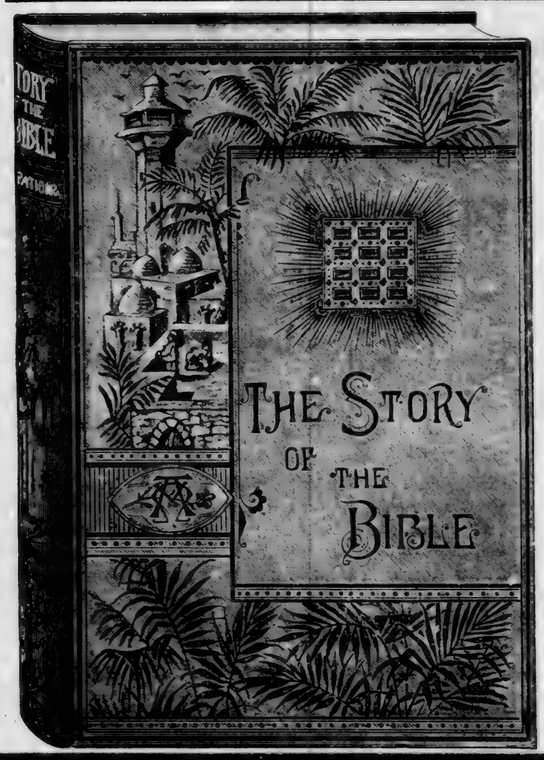
The REDPATH MAGAZINE, published by the Redpath Lyceum Bureau o Boston and Chicago, says that Mr. Wendling is considered by many the mos brilliant orator America has produced. In his rare attainment of rhetorica effect, wide learning, graphic delineation, superb declamation and splendi oratory, he is one of the most powerful and fascinating lecturers on the pla form. His brilliant and scholarly lectures attract immense audiences o thoughtful and cultivated people, whose appreciation of the gifted speaker' wonderful eloquence is attested by their interested presence at all the lecture of a course and on every visit he makes to a place. He is in constant deman in all parts of the country and has already secured a most enviable reputation His birth-place and present home is at Shelbyville, Ill., three hours' rid from St. Louis.

SHELBYVILLE, ILL., April 28th, 1886.

The TOPAZ CINCHONA CORDIAL CO.

Gentlemen: Through the kindness of a mutual friend of your Dr. Wyttenbach an mine, i. e. Mrs. D. L. King, of Akron, Ohio, I got a bottle of your Topaz Cinchona Co dial for my wife. Its effects, thus far, have been so beneficial that we have concluded make a thorough trial. Send me, therefore, by express, C. O. D., five dollars' worth. have tried many remedies and tonics for my wife and expended much money to restore he to health; but this Cordial seems now the only thing promising success. If it succeeds intend that you shall have the benefit of some wide advertising, which is in my power give you, and will still feel that I owe you a debt of gratitude.

Very truly yours, GEO. R. WENDLING.



In a subsequent letter, dated April 21, 1889, Mr. Wendling writes: "M wife's health is now excellent."

CONSTITUTION PUBLISHING COMPANY.
1890.

Entered according to Act of Congress in the year 1890, by R. L. Polk & Co., at Washington, D. C., in the Office of the Librarian of Congress.

INTRODUCTION.

FOUR years ago 471 pages sufficed to chronicle the inhabitants of Atlanta. This year 1300 pages barely compasses it. The inference is so obvious that comment is unneccessary. The Directory contains 27,460 names and the census made by us during the progress of the work shows the present population, including the suburbs, to be 54,993 white and 33,746 colored, a total of **88,939** and an increase of 14,063 during the year 1889. This is no mere guess, neither is it an "estimate." It is actual *bona fide* fact.

We feel sure that our subscribers and the public generally will coincide with us in the opinion that this fourteenth volume is the best as well as the largest directory Atlanta has ever had.

Street Directory

OF

ATLANTA.

VOLUME XIV. 1890.

W. H. PATTERSON, 29 East Alabama Street, MORTGAGE LOANS.

EXPLANATIONS.

In the following list it will be observed that all Streets, Avenues, etc., are arranged in alphabetical order with name of occupant found at each number. The name of each street is given, showing what other streets and places run from it or across it, with the number at which they intersect.

The Union Depot on Wall Street from Loyd to Pryor is the central point of the city.

The following are the central streets ftom which others are numbered: Decatur and Marietta running respectively East and West, and Peachtree, West Peachtree and Whitehall, running respectively North and South.

Odd numbers are intended to be on the right and even numbers on the left of each street starting from a given point; but the system of numbering is entirely too imperfect to be depended upon.

FIRE DEPARTMENT.

The Atlanta paid Fire Department was organized July 1, 1882; now has a chief engineer and insurance inspector, five foremen and one assistant foreman, three engineers, fifty men, three steamers, four two-horse reels, one hook and ladder truck in service and one in reserve, twenty horses and 10,500 feet of hose, one double tank, two-horse chemical engine. The annual expense in connection with fire alarm is about $45,000. The force is paid as follows: Chief, $3,000 per year; foreman, $80 and $85 per month; engineers, $80 and $85 per month; drivers, $65 per month; runners $50 to $60 per month. The Gamewell fire alarm system is used with 48 street boxes.

Chief—W. R. Joyner; office 25 South Broad.

When fire is proclaimed, the alarm will be sent in from the box nearest the location of the fire. On opening the box directions will be found inside for giving the alarm. After pulling the hook once let go and under no circumstances touch it again.

The fire bells to announce an alarm from box 24 for instance, will be struck twice, and after a short pause, four; then in about a minute the alarm will be repeated until four alarms have been struck. Keys to box may be found in house nearest the box.

PRODUCER OF THE FINEST
BOOK AND JOB PRINTING
49 SOUTH PRYOR STREET
ATLANTA, GA.

RATHER PERSONAL!

DOES THE CAP FIT?

CAN IT BE POSSIBLE that the South is the dumping ground for everything which is cheap? The assertion has been repeatedly made; and however galling it may be to our sensitive natures, when we view with a critic's eye some of the crude specimens of "art" printing which are inflicted upon a suffering public, and accepted by it simply because they are *cheap*, we must confess the assertion is made with some show of reason. Our experience of many years has demonstrated the fact, however, that the demand for a better grade of work is on the increase, and that the majority of our citizens realize that the *best* is the *cheapest*. It is our aim and purpose to cultivate such custom, and our efforts in this direction have been rewarded with substantial encouragement.

We do not claim to do printing cheaper than anybody—on the contrary, we frequently send parties in search of such work to some of our worthy competitors, knowing that the more they do the sooner will they retire from the field; but with the latest improved machinery and labor-saving devices in every department, we are able to compete with any first-class house in the country, North or South.

DO NOT FORGET THIS!

To those of our citizens who are most prominent factors in meetings called for the purpose of encouraging home enterprises and patronizing home industries, we would simply say—"Practice what you preach." Do not send away from Atlanta for that which you can get at home just as cheap and just as good. Exhaust the resources of your own town before procuring supplies from abroad.

Soliciting your patronage, and guaranteeing to *give you what you want*, I am, Very Truly Yours,

CHAS. P. BYRD.

"THE DRESDEN"

No. 2 SOUTH PRYOR ST.,

Opposite Kimball House, ATLANTA, GA.

CROCKERY,
China, Glassware,
LAMPS, TABLE CUTLERY, Etc.

"THE DRESDEN" contains a beautiful assortment of **CERAMICS** from all countries, among which will be found a full line of **FINE CHINA** from the celebrated factory of the **HAVILAND'S**, in Limoges, France; also the best productions in **CHINA** from **CARLSBAD, BOHEMIA**, and the best patterns and latest shapes in **PORCELAIN** and **IRON STONE WARE** from the well-known houses of the **MADDOCK'S** and **MEAKIN'S**, in England. Importing direct, I am enabled to place my goods before my customers at the **VERY LOWEST** prices. In **GLASSWARE** I have far the best of foreign productions and the choicest goods made in America. Particular attention paid to **CUT GLASS**, in which the latest novelties and the most popular cuts are always kept on hand. For **ANNIVERSARY** and **WEDDING PRESENTS** no better stock to select from can be found in Atlanta. **HOTEL** and **RESTAURANT** trade is especially solicited, and estimates to furnish new hotels with goods in my line cheerfully rendered. Dealers in want of goods will do well to inspect my wholesale department before placing their orders.

Respectfully,

L. A. MUELLER.

JEFF. DAVIS,
AND HIS OPINION OF
"TOPAZ" CINCHONA CORDIAL.

"TOPAZ"

TOPAZ
Roanoke Va
Sept 8th 1887

Gentlemen I take pleasure in saying that I have used your Topaz Cinchona Cordial and found it an excellent remedy for Malaria, Kidney and Liver disorders and as a tonic. I can recommend it to the public as a reliable remedy. Yours truly
Respectfully

COOPER IMPROVED PIANO.

OFFICE AND SALESROOM, 27 MARIETTA STREET.

The only Piano made having a perfect soft pedal, by which the tone is regulated from the lowest diminuendo to the highest crescendo without altering the touch, and without any effort on the part of the brain; not requiring a cultivated touch, being regulated by the foot. Also combining the Duplex touch which takes the place of a Tecniphone for strengthening weak fingers. A child can regulate the tone, and though simple in construction are pronounced by the leading musicians to be the greatest improvements in Pianos for the last half century
